Medicine 7

Name	Dose	Frequency / route	Reason

Medicine 8

Name	Dose	Frequency / route	Reason

Additional medication information, or medicines you will bring on a separate list

Do you have any allergies or have you had an adverse reaction? *

○ Yes ○ No known allergies ○ Not sure

Allergy / reaction categories

Medicines and allergies

Patient name: _____ DOB: _____

- ☐ Penicillin / other antibiotics
- ☐ Aspirin / anti-inflammatory medicines
- ☐ Local anesthetics
- ☐ Latex
- ☐ Foods
- ☐ Sulfa medicines
- ☐ Opioid pain medicines
- ☐ Sedation / anesthesia medicines
- ☐ Metals
- ☐ Other

If applicable: For each allergy or reaction: substance, what happened, severity, and date if known

Details for answers needing follow-up: identify the question, dates, conditions, and treatment. Explain No to good general health. Use additional paper if needed.

Anesthesia and surgical preparation

These questions help your clinician plan care. This form is not a medical clearance or a substitute for your day-of-procedure assessment. Follow the personalized instructions given by your surgical team.

Height (include feet / inches or cm) _____ **Weight (include lb or kg)** _____

Have you previously received sedation or general anesthesia? *	○ Yes	○ No	○ Not sure
Have you had a problem or unexpected reaction with local anesthesia, sedation, or general anesthesia? *	○ Yes	○ No	○ Not sure
Has a blood relative had a serious problem with anesthesia? *	○ Yes	○ No	○ Not sure
Have you or a blood relative been diagnosed with malignant hyperthermia or another inherited anesthesia reaction? *	○ Yes	○ No	○ Not sure
Do you have sleep apnea, use CPAP, snore heavily, or have a history of difficult breathing / airway management? *	○ Yes	○ No	○ Not sure
Is there a family history of heart disease, diabetes, cancer, or a bleeding disorder? *	○ Yes	○ No	○ Not sure

Anesthesia and surgical preparation

Patient name: DOB:

If sedation is planned: escort name, relationship, and phone (if arranged)

Would you like to discuss anything privately? * ○ Yes ○ No

Anything else about your health, recovery, or concerns that we should know?

Details for answers needing follow-up: identify the question, dates, conditions, and treatment. Explain No to good general health. Use additional paper if needed.

Review and acknowledgments

Review your answers, then print or save a copy and bring it to your visit. Sign after your questions have been answered. This page does not submit your information or create an electronic signature.

Consent for care and use of information

Consent to examination and routine care. I authorize NorthStar Implant Dentistry, P.C., its dentists, contractors and staff to examine me, take x-rays, photographs and scans, and provide dental care for this visit and for later visits. Surgery, sedation and other significant procedures are consented to separately, on their own forms, after a discussion of the risks, benefits and alternatives. I may revoke this consent in writing at any time.

My dental record. This practice is required by law to keep records of my care. Those records are used and disclosed only as permitted by state and federal privacy law, as described in the practice's Notice of Privacy Practices, which I may ask to see at any time and which may be updated from time to time.

Insurance. I authorize this practice to release the information necessary to process my claims, and I assign to the practice the dental benefits otherwise payable to me for the services provided. I authorize the use of this signature on my insurance submissions. This authorization ends when my current treatment plan is complete or one year from the date I sign, whichever comes first.

Accuracy. To the best of my knowledge the information I have given is complete and correct, and I will tell this office if my health, medicines or insurance change - including between the day I sign this and the day of any procedure.

Financial policy

Estimates before treatment. Before any treatment beyond an examination, you receive a written treatment plan with the fees, what we estimate your plan will cover, and your estimated share. An estimate is not a guarantee of what your plan will pay.

Your insurance is a contract between you and your plan. We are not a party to it. As a courtesy we verify your benefits and file

Review and acknowledgments

Patient name: _____ DOB: _____

your claims, and we will bill a secondary plan once the primary has paid. It is your responsibility to confirm that your treating doctor is in your plan's network. All charges are ultimately your responsibility, including anything your plan does not cover.

What is due when. Co-payments, deductibles and the estimated patient portion are due at the time of service. Surgical and implant treatment may require a deposit when it is scheduled. After your plan responds, we bill you for any remaining balance or refund any overpayment.

If you do not have insurance. Payment in full is due at the time of service unless we have approved a written payment arrangement in advance. We will tell you about any financing or membership options we offer.

Past-due balances. A balance unpaid 30 days after our statement may be charged a late fee of 1% per month (12% per year), which is below the New York civil usury limit. If an account must be placed with a collection agency or attorney, you agree to pay the reasonable costs and fees actually incurred, to the extent New York law permits them.

What we will not do. Consistent with New York's Fair Medical Debt Reporting Act, we do not report patient balances to consumer credit reporting agencies. If you are having trouble paying, call us - we would much rather arrange a plan than send an account out.

Returned payments. A service charge may be applied to any check or other payment returned unpaid. Appointments

Surgical and sedation appointments reserve a long block of time and a surgical team. Please give us at least two business days' notice to change or cancel one, and 24 hours for any other appointment. A fee may be charged for a late cancellation or a missed appointment, and a deposit may be required to reschedule.

Our team will confirm any cancellation fee or surgical deposit before scheduling. Review The NS UPFRONT Contract (Financial Policy) and Notice of Privacy Practices; ask about any inconsistency before signing. Calls, texts and email may be used for appointments, results, treatment plans, and billing according to your preferences. Message and data rates may apply; reply STOP to stop texts. You may update your preferences with our team.

How may we contact you?

- ☐ Text to mobile
- ☐ Call mobile
- ☐ Call other number
- ☐ Email
- ☐ Mail
- ☐ Patient portal only (if available)

What messages may we leave?

- ○ Detailed voicemail
- ○ With the people listed below
- ○ Appointment times only - no clinical details
- ○ No messages - please keep trying

People we may speak with about your care: name and relationship

Notice of Privacy Practices

- ○ I received a copy
- ○ I declined a copy
- ○ I need a copy / have questions

Please acknowledge after reviewing

Review and acknowledgments

Patient name: DOB:

- [ ] My health history is complete to the best of my knowledge; I will report changes before treatment.
- [ ] I understand routine-care consent and that surgery and sedation require separate consent.
- [ ] I have reviewed the financial policy and will discuss any questions with the team.
- [ ] I have been offered a copy of this packet and the Notice of Privacy Practices.

Name of patient / legal representative

If representative: relationship and legal authority
